

## Bridge Arts Intern

Our goal is to provide a wide variety of experiences for you in North America and abroad. You will receive intensive, hand's on training and orientation in the Calgary area.

This coming year we are looking at an abbreviated Bridge Arts Internship

## Overview

Sept – Oct: Training in Calgary, AB, Canada

Nov: Serving in North America

Dec–Feb: Serving in Uganda

Mar–Apr: Serving in the Philippines

May–June: Serving in North America, Wrap Up

## Who are we?

The vision of AV is to train and inspire youth and young adults for a lifetime of evangelism and community service. Bridge Arts Interns travel on short-term mission trips cross-culturally, using arts performances (music, drama, dance, puppets, chalk art, etc) and prayer, promoting wholeness and salvation through Jesus Christ.

We have capable staff who are committed to Jesus, intimacy with God and to professional growth. They have many years combined knowledge and experience in arts evangelism. We also have many resource people in the area who assist us in developing your strengths in the arts.

## APPLICATION DETAILS

-  Minimum Age: 18
-  Application Deadline: June 30, 2022
-  Go to [actionventures.ca](http://actionventures.ca), select Applications on front page and select Bridge Arts Internship Application

## Frequently Asked Questions:

**1. What if I'm not very talented in the arts?** In our experience, many times, it is the people who feel this way who have amazing gifts that are just below the surface or they aren't aware of some tremendous gifts that they have. They only need some coaching/tutoring to grow in boldness and maximize those gifts. You have much to offer God's Kingdom in terms of character and integrity. We're not here to create superstars but servants of Jesus. In the end the fruits of the Spirit and His gifts are what influences our hurting world.

**2. I have things I'm dealing with (anxiety, lack of confidence, family problems, bad habits...) surely God can't use me, right?** We believe that Jesus can bring forgiveness and healing in these areas by faith. Often we are only one step of faith away from a fresh start. We find that the healthy interaction with other believers who serve together can be a catalyst for lifelong change. Some of our people have said "AV is like a church on wheels". Or "this is the closest thing to a real community of faith that I have experienced". That said, AV is not a place to escape but a place to face your struggles and conflicts. Honestly, the pressures of cross-cultural ministry can make things worse. We encourage you to get help in areas where you struggle. Because of the nature of our ministry we have a code of conduct that we expect staff and team to abide by. Beyond that, we don't want perfect people especially if they are 'religious'. Much like the disciples Jesus chose we certainly aren't without our own struggles.

**3. What is training like?:** Each day may look a little different, but there will be ample opportunity to grow and prepare to share Jesus through the arts.

**4. How flexible is the program?** We will tailor it as much as possible to your gifts and interests. No promises but... talk to us, we are interested in the things that are on your heart.

# BRIDGE ARTS INTERNSHIPS

## Ministry Locations

Keep an eye on our website ([actionventures.ca](http://actionventures.ca)) for further details or feel free to contact our office. Locations, prices and costs are subject to change.

Please note that though we love to partner with friends worldwide this internship is open only to people from North America and Europe.

### "Fan into flame the gift of God within you..."

**Ministry Focus:** This arts internship is meant for individuals or groups of individuals who want to grow in faith and their area of gifting. It is our passion at AV to use the arts and help you discover, develop and maximize your gift for God's glory. We provide training in spiritual formation, music, drama, art, illusions, dance, telling your story, puppetry, preaching, reaching the urban poor you can offer! You will work with gifted local Christian nationals of experience in various forms of urban arts evangelism.

**Uganda** - You will be working with Action International and Healing Springs Churches sharing the Gospel in community performances. The result of this is often that souls are won, churches are planted. Other opportunities include presenting the Gospel and praying for people in hospitals and soccer fields. Also, there will be conferences for training and discipling Christian families.

**The Philippines** - You will be working with the Bible Christian Church of Pampanga to present the Gospel in schools, prisons, community basketball courts and youth groups. Our goal is to partner with the church to equip and reach out to the community in and around San Fernando.

**Funds Required:** \$16,500 \*This means an upfront amount of \$5500 in September when you arrive and then a monthly amount of \$1375 for the following 8 months. We can assist you in training you to "raise support" through newsletters and other means. Feel free to contact us if you have questions or concerns.

"What a great way to spend a Gap Year!"

"A great way to prepare for your future... growing closer to God while developing your God given gifts and making a difference for eternity!"

"All I ever wanted to be was cool and play football but on team I found my purpose."  
~ former team member
